

About Women United

Women United is an affinity group that brings together like-minded women who want to use their skills and talents to contribute to their community in a significant way.

It is a network of over 70,000 female leaders worldwide who are passionate about making change happen through the empowerment of women and girls, to create future generations of leaders.

Local Impact

Locally, our United Way has 325 female leaders who make a difference in our community by supporting local programs that have a significant impact.

Women in Leadership have been on special tours, learned more about issues facing our community and have reached out to help the most vulnerable people in Kingston, Frontenac, Lennox & Addington.

This is an opportunity to:

- Network with other women in the community who share similar interests and are passionate about helping people in need
- Mentor young women leaders as they launch their careers, sharing with them the opportunity to use philanthropy to impact issues that matter to them personally
- Know that you are making a difference in the lives of thousands of people right here in your community – meeting immediate needs, and also addressing root causes of issues like youth homelessness, food access, the impact of poverty on young families.
- Access special tours and volunteer opportunities exclusive to Women United members
