Local Love
in action

[Workplace Name]

2021 United Way Campaign

Dear [Donor First Name],

The United Way works to build and strengthen our community.

By donating to the United Way, you are helping more than 79,000 people in our communities through 220 programs in the KFL&A area.

We're off to a great start for our 2021 Workplace Campaign and there's still time to give. We need your help to reach our campaign goal!

Your support will enable United Way to address the increased demands on services and help people, including all those impacted by the pandemic. United Way is working closely with local partners, frontline agencies to tackle

immediate needs in these challenging times and, with your help, will continue to help those that need help the most.

ePledge provides a fast, convenient way to submit your pledge to the United Way. Please donate and together we can show our local love.

Donate

Thank you,
Your 2021 United Way Campaign Committee
