Campaign Committee Structure

Your workplace committee is key to running a successful campaign. The ECC and committee members work closely with the United Way staff partner to employ strategies and best practices.

Committees can vary in size and structure ,depending on the workplace. Here are sample roles and responsibilities and general tips when working with your committee:

- **Peer to Peer:** it's proven that peer to peer campaigns are most successful. Make sure you have representation on the committee from different areas of the workplace including any different sites, different departments, job categories (and Union representation if applicable)
- **Personal follow up:** optimum canvasser/champion to employee ratio is 10 or 15 employees to be canvassed for each canvasser/champion. Often canvassers champions report directly to their canvass chair but team leaders are recommended for all departments if the size of workplace warrants it. This helps to streamline communications and follow-up
- **Training and orientation:** all committee members need to participate in a formal or informal training or orientation session to ensure they have the most accurate information and are aware of their workplace plans and strategies

Committee Responsibilities, and Guidelines

- The Awareness & Education/Communications Chair is responsible for communications and information. They liaise with the United Way to coordinate speakers, tours and materials to promote the impact of donations. They often customize materials internally.
- The Lead Champions/Canvass is responsible for canvassing employees. Employee dollars make up the majority of UW funds raised. The Lead recruits team leaders and champions/canvassers, coordinates with United Way for materials, ePledge.
- The Treasurer is responsible for monitoring donations, reporting and submitting these results to the ECC and/or UW.
- The Leadership Chair is responsible for implementing a strategy for leadership giving. They are a Leader of the Way (Leaders of the Way donate \$1,200+ annually) themselves and canvass or follow up with leadership donors and work closely with the United Way to organize presentations or leadership events.
- A Next Gen Ambassador is a representative in their twenties or thirties who engages Next Genners in the workplace, providing information about United Way.
- A Retiree Champion is a retiree who works closely with the committee to implement plans to canvass retirees, makes the ask and follows up with retiree donors.
- In larger workplaces, team leads represent the committee at every unit or department. They recruit and liaise with champions/canvassers in their unit/department, organize training, materials and monitors timelines. They liaise with the Treasurer to submit results.
- A canvasser/champion is actively involved in the canvassing/following up with all employees, and acts as a champion of the United Way by sharing messaging, focusing on impact, and answering questions that may arise.

Giving Options

Make giving easy. Look at all the different options of giving and see how you can adapt or offer these to employees in your workplace.

- Many workplaces find it effective to offer auto-renewal
- Redirect donors who use paper to the United Way website through phone calls either by your champions or UW
- Editable PDF pledge forms

Employee payroll deduction plans through workplaces are the easiest way to give to the United Way. Other options for giving include:

- Monthly donations from credit cards or chequing accounts, processed on the 15th of each month beginning in January
- One-time donations by cash, cheque or credit card
- United Way has new options like e-transfer and paypal.
- If your online campaign doesn't offer these, look into how employees can use the online option on UWKFLA's website (talk to your staff partner)
- Gift of Securities: donors can benefit from the tax advantages of donating securities

Focusing on Leadership Giving is the most effective strategy to grow your campaign.

Please contact the United Way at leadership@unitedwaykfla.ca for more information. You can also request the Leadership Giving Guide from your staff partner.

Next Gen Workplace Ambassadors

Next Gen is a United Way initiative designed to engage young professionals in their twenties and thirties. There is Next Gen representation on all committees of the United Way.

The Next Gen Cabinet is made up of young leaders. They have created a network of 'Next Gen Ambassadors' in workplaces. Ambassadors spread the United Way message and ensure the next generation of leaders is involved in their community. They participate in Next Gen activities and promote events and engagement opportunities within their workplaces.

This is a great opportunity for someone in the Next Gen demographic at a workplace to become an active member of a peer group, with a chance to network with community leaders.

The Ambassador's Role

The Ambassador's role is to work with the United Way Employee Campaign Chair and Committee to develop and execute a strategy specifically tailored to your workplace, with the following objectives:

- Increase awareness of the Next Gen and United Way message at your workplace
- Provide information about United Way to other employees
- Act as a point of contact between the United Way Next Gen and your employees in the Next Generation

Retirees United

What is a Workplace Retiree Campaign?

- A Retiree Campaign is designed to retain donors from workplaces in the region who have retired. In response to a growing number of loyal donors who are leaving the workforce – as retirees or to pursue self-employment outside the traditional workplace – the United Way recognizes that it is critical for your workplace campaign to find new ways to engage these donors.

Why Should You Run a Retiree Campaign?

- The retiree population represents a great opportunity for increasing the number and volume of donations to United Way KFLA
- Currently approximately 32% of the Kingston Area population is over 55
- The over 55 age group donates almost twice as much as the under 55 group
- Over the next ten years the population growth in Kingston will be in the 65+ age group

Best Practices

- Connect with retirees before they leave their workplace and encourage them to continue their donation – through monthly giving options (credit card, Pre-authorized Payment or pension deductions), securities, or one time gifts
- Recruit a Retiree Champion at your workplace. Include the Retiree Champion on your campaign committee
- Peer to peer ask is important: solicit recently retired employees with a personal letter from your Retiree Champion
- A personal follow up can have a large impact. Track your results and progress, and follow up where necessary
- Analyze results at the end of the campaign and debrief on what worked well
- The Retiree Task Force has developed a library of templates and tools that can help you with your campaign. Contact the United Way for more information

For more information on Retiree United visit: www.unitedwaykfla.ca/retireesunited/

Women United

What is Women United?

United Way KFL&A is joining a world-wide connection called Women United. Women United brings together like-minded women who want to use their skills, talents and resources to contribute to their community in a significant way. Women United builds on the strong legacy of Women in Leadership in our region with members giving independently to the United Way, or jointly with their spouses or partners.

Local Network

United Way KFL&A has 440 women leaders who make a difference in the community by supporting local programs that have a significant impact. The goal of Women United is to bring even more women and resources together under the United Way umbrella in order to change more lives for the better locally. Women Leaders are active philanthropists who give \$1,200 a year or more to the United Way.

Local Issues, Local Impact

Women Leaders get a chance to join other like-minded women for a deep dive beneath the issues that affect people in the community. They can learn more about the programs serving women in the community and participate in discussions to help shape solutions to these issues.

Donor Choice Option

Some donors may wish to designate a portion of their contribution to a specific community or agency.

- A minimum donation of \$20 is required for designations.
- All designations are paid over and above agency allocations.
- To cover some of the costs incurred in tracking and processing the donation, the United Way will charge a 5% designation fee and 5% processing fee (up to a maximum of \$250) of the designated donation. There is no designation fee for designations to other United Ways.
- Funds designated to other United Ways will be subject to the 5% processing fee if they are collected via credit card, paypal, or eTransfer. No processing fee will be charged for payroll or cash/cheque donations.

Designations can be made

1. To United Way to distribute for maximum impact

The United Way researches the needs of our community and invests in programs that have the maximum impact. Volunteers conduct a thorough review of agency applications and make recommendations to the United Way Board of Directors. Programs funded through United Way are carefully reviewed.

2. To one or more of the United Way's impact areas and initiatives:

- **All That Kids Can Be;** Our goal is to ensure children and youth are valued and supported members of the community with opportunities and resources to help them reach their fullest potential.
- **Healthy People, Strong Communities;** Our goal is to improve opportunities for people to access programs and supports that empower them to overcome barriers, build resilience, reduce isolation and be part of a caring, inclusive community.

We will ask the donor to provide the Charitable Registration number if using this option, ensuring that we send their money to the intended charity. Registration numbers are available in Charities Listings on the CRA website www.cra-arc.gc.ca.

Designations are paid after they are collected. This means that designations through payroll or monthly options will be paid in the spring after the annual pledge has been collected. One time (cash, credit card) designations are paid in the spring following the current year campaign.

Tax benefits make giving to United Way even more attractive

An individual who makes a gift to United Way receives a federal tax credit against income taxes. The annual federal tax credit is equal to 15 percent of the first \$200 donated by an individual and 33 percent on whichever of the following amounts is less:

- The amount of the donations for the year above the first \$200
- The amount of taxable income that is over \$202,800

Donating publicly traded securities

The Capital Gains Tax was removed from publicly traded shares that have been donated. This means that the donor receives a tax receipt for the full value of the shares but is not taxed on any gain.

The benefits are clear...

If you sell a security, you pay tax on 50 percent of the capital gain. However, when you donate a Gift of Securities to United Way KFL&A the taxable capital gain is completely eliminated.

You will also receive a tax receipt for the full market value of the security in the amount of the closing trading price on the day United Way KFL&A received the security.

| Gift amount* | Total tax savings | Actual cost to you |
|--------------|-------------------|--------------------|
| \$ 250 | \$ 60.18 | \$ 189.82 |
| \$ 500 | \$ 160.58 | \$ 339.42 |
| \$ 1,200 | \$ 441.70 | \$ 758.30 |

Frequently Asked Questions

What is United Way?

United Way Kingston Frontenac Lennox & Addington works closely with the community to ensure that people have the opportunity to reach their full potential and live with hope, dignity and a sense of belonging. Led by volunteers, driven by a small professional staff team, United Way KFL&A helps people get involved, supporting issues they care about through volunteering and giving.

Why is it beneficial to give to United Way KFL&A?

A gift to the United Way maximizes the impact of your donation locally. Through United Way you help thousands of people in your community. Giving through United Way ensures accountability. A panel of informed community volunteers, who are aware of local needs, distribute the donations where they are needed most and monitor member agencies to ensure accountability to you. Your gift to the United Way will address social service needs in KFL&A.

How much does United Way spend on fundraising and administration costs?

United Way keeps fundraising costs to a minimum thanks to community partnerships and thousands of volunteers. Audited financial statements show our fundraising costs to be 9.3% including related administration. (Imagine Canada puts the average cost of administration at 35%)

If United Way raises funds for so many agencies, why do I still receive requests for money?

There are many organizations in our community that are not funded by United Way. The United Way does not provide 100% funding for any one program or to any one agency and encourages a diversity of revenue sources. This is to ensure sustainability and viability of all United Way funded programs or services.

I live outside of Kingston, where will my donation go?

You can designate your donation to any specific United Way in your community or a specific charity (member or non-member agency) by indicating your choice on your pledge form.

My spouse gives at work. Should I give?

United Way volunteers suggest that we all make a contribution based on our individual income level. Through payroll deduction, one smaller gift, added to another, equals a painless way to give a larger gift. You and your partner can combine your gifts for favorable tax-write offs and recognition.

Does the government provide money to help your agencies?

United Way itself does not receive government funding. Many government departments fund or purchase services from United Way agencies. United Way is often one of the only stable sources of funding for some agencies.

My family and I don't use agency programs, so how do I benefit by giving to United Way?

United Way provides funding to agencies so that essential programs and services will be available in the event that you do need to access them. Your gift ensures that you and those you care about will have support when it is needed. Your gift to the United Way helps the vulnerable in your community – whether it helps your neighbour cope with a hearing or vision loss or supports children at risk – we all benefit from a healthy and supportive community.

When will the agency I have designated to receive my donation?

United Way spends a lot of time ensuring designations are paid as per donor choice. If you give cash, cheque or credit card, your donation will be sent to the agency in the spring of the year immediately following the campaign along with all other donations directed to that agency. If you give through payroll deduction, your donation will be sent to the agency a full year after the campaign once all payroll deductions have been collected, remitted, and consolidated to United Way, i.e. If you donate in the 2016 campaign through payroll deductions, your pledge is deducted from your pay in 2017 and the funds will be sent to the agency in the spring of 2018.

When will I get a tax receipt for my donation?

- If you give through payroll deduction, your contribution will be on your T4 at the end of the next calendar year.
- If you give by cash, cheque or credit card, your tax receipt will be emailed or mailed to.

Please ensure you complete the home address section of the pledge form or online – if donating by cheque, cash or credit card – as Canada Revenue Agency requires that tax receipts include home addresses.

What if an employee is close to retirement?

Retirees may pay off the balance in a single payment and then continue their annual support as a retiree. If they provide their home address on their pledge form and check the box indicating that they are retiring, they will receive a pledge form to their residence in future years so that they can continue your support. Retirees can also continue to pledge in monthly installments through credit card or preauthorized payment. Some workplaces allow pension deductions as well.

How much should I give?

Every decision is personal. United Way impact statements show what different levels of donation can do. You can find out what the average gift was in your workplace and match or surpass that.

You may want to consider a donation as a Leader of the Way (\$1,200+) level, and maximize tax benefits.

How are compensation levels for United Way CEO and staff set?

The Board of Directors periodically benchmarks the CEO's salary with United Ways of similar size and with similar Canadian not-for-profit organizations. United Way has worked with Human Resource professionals to create a compensation framework for employees to ensure they are within reasonable rates for the level of skill, knowledge and experience required for their positions. The organization regularly reviews the compensation levels.

All charities are required to file a T3010 registered charity disclosure which includes the salary ranges of the ten highest paid employees. This is available at www.cra-arc.gc.ca/chrts-gvng/lstngs/menu-eng.html

Tips for Responding to Questions

Listen and empathize

Make sure the person feels you are hearing their concerns. Show that you understand the objection, but don't agree with them. Instead, say: "I understand why you feel that way. Have you considered...?"

Encourage questions and discussion

Let people express themselves. Welcome their questions. It gives you an opportunity to address their concerns and correct any misconceptions they might have about United Way.

Relax and be yourself

You have an important idea to present. Making the information your own will help you relax. You should never feel like you have to argue or match wits with anyone. Your job is simply to convey to people that United Way is an effective way to create opportunities for a better life for everyone.

Don't worry if you don't know the answer

You're not expected to know everything about United Way. If you don't know the answer to a question, tell people you will find the answer and get back to them. Contact United Way for any information you might need

United Way KFL&A Cost Ratio

United Way KFLA's campaign fundraising and related administrative costs are less than 15% of total revenue. This cost is strongly competitive when compared to the national average for charities of 35%.

This covers the cost of gift solicitation, advertising and promotion, donor recognition, processing, charitable tax receipting, accounting, reporting and auditing.

We are able to keep fundraising costs very low, thanks to the support of many sponsors and contributors who provide gifts and services in kind and who lend us their staff through our Sponsored Employee program.

Canada Revenue Agency Guidelines for Receipting

General Rule:

Donations that are receiptable are considered gifts. A gift is a voluntary transfer of property without valuable consideration. A gift must meet the following three conditions:

1. Some property, usually cash, is transferred by a donor to a registered charity;
2. The transfer is voluntary; and
3. The transfer is made without expectation of return. No benefit of any kind may be provided to the donor, except where the benefit is of normal value.

Donations that are Receiptable:

1. Direct cash, credit card and cheque donation - a receipt is prepared by the United Way.
2. Payroll deductions - generally receipted on employee's T4 slip by employer.

Donations that are Partially Receiptable:

1. When an admission cost to a meal or entertainment event includes a "donation" component, that amount is receiptable.
2. Where a charity offers an item, privilege or other benefit in return for a donation, the benefit is considered to have a nominal value where its fair market value does not exceed the lesser of: \$50, or 10% of the amount of the gift. For example, if the charity sells tickets to a golf tournament for \$250 and a tax receiptable portion of the ticket is \$150, then the most expensive prize the charity can offer any player will be worth \$15.

Donations which are Not Receiptable:

Under the following circumstances, contributions are not considered a gift and as such, a receipt cannot be issued:

1. Payment of a basic fee for admission to an event/program.
 2. Payment for a lottery ticket or other chance to win a prize. The donor cannot receive any material incentive to give. If any form of material incentive is offered, the gift is not receiptable. The exception is if draw tickets can be purchased without any requirement that ticket purchasers also make a donation to the fundraising campaign. In this case, a receipt may be issued for the donation to the campaign, not for the purchase of the ticket.
 3. Contribution of services. Contribution of services are not receiptable; however there is nothing to prohibit a charity from paying for the services and later accepting the return of all or a portion of the payment as a gift, provided it is voluntary. In this case, a receipt may be issued for the gift.
 4. The purchase of goods & services from a charity. i.e, United Way cannot provide a receipt for the purchase of campaign t-shirts or sweatshirts.
 5. Donation of inventory. The rationale is that the business already has a tax- deductible expense from the cost of manufacturing or purchasing the merchandise. Donations out of inventory would include computers from a computer store, bread from a bakery, food from a grocery store, etc.
 6. Donation when the donor has directed the donation to an agency or specific program from which either the donor, or a person within arms' length of the donor, receives a benefitor advantage.
