

Local Love

in action

[Your Workplace Name] **2022 United Way Campaign**

Dear Mandy,

The United Way works to build and strengthen our community.

Last year, United Way of Kingston, Frontenac, Lennox and Addington helped 74,000 people in the region through 61 and more than 127 programs.

As the effects from the pandemic continue, individuals, friends, and families across KFL&A are going to need help now more than ever. In conversations with agencies, we have learned that some are seeing a thirty percent increase in first time clients – people who have never accessed these services before.

I know that many of you are looking for ways to help in these challenging times. By participating in our Workplace Campaign, you are helping the community. United Way works closely with agencies and programs to continue meeting immediate needs and helping the most vulnerable.

ePledge provides a fast, convenient way to submit your pledge to the United Way. Take a look around the secure site to learn more information about how your funds are used.

Please, if you can, consider giving through this campaign – your local love can continue to impact local lives.
